

REVERSE ENGINEERED FROM OE FOR A QUALITY REPAIR

TIE RODS • BALL JOINTS • SWAY BAR LINKS • IDLER/PITMAN ARMS • CONTROL ARMS

RIGOROUSLY TESTED TO ENSURE OE PERFORMANCE

COVERS 96% OF VEHICLES ON THE ROAD

Heavy-gauge steel with resilient components are built to deliver reduced component wear, loose joints, suspension play, as well as improve ride quality

- Sealed or greaseable design per OE design
- Reinforced synthetic bearing or metal-on-metal design based on OE performance

OE

Duralast®

STUDS

Per OE hardened studs survive tough tension and long life

BOOTS

Steel over-molded elastomer boots seal the assemblies from contaminants

CORROSION RESISTANCE

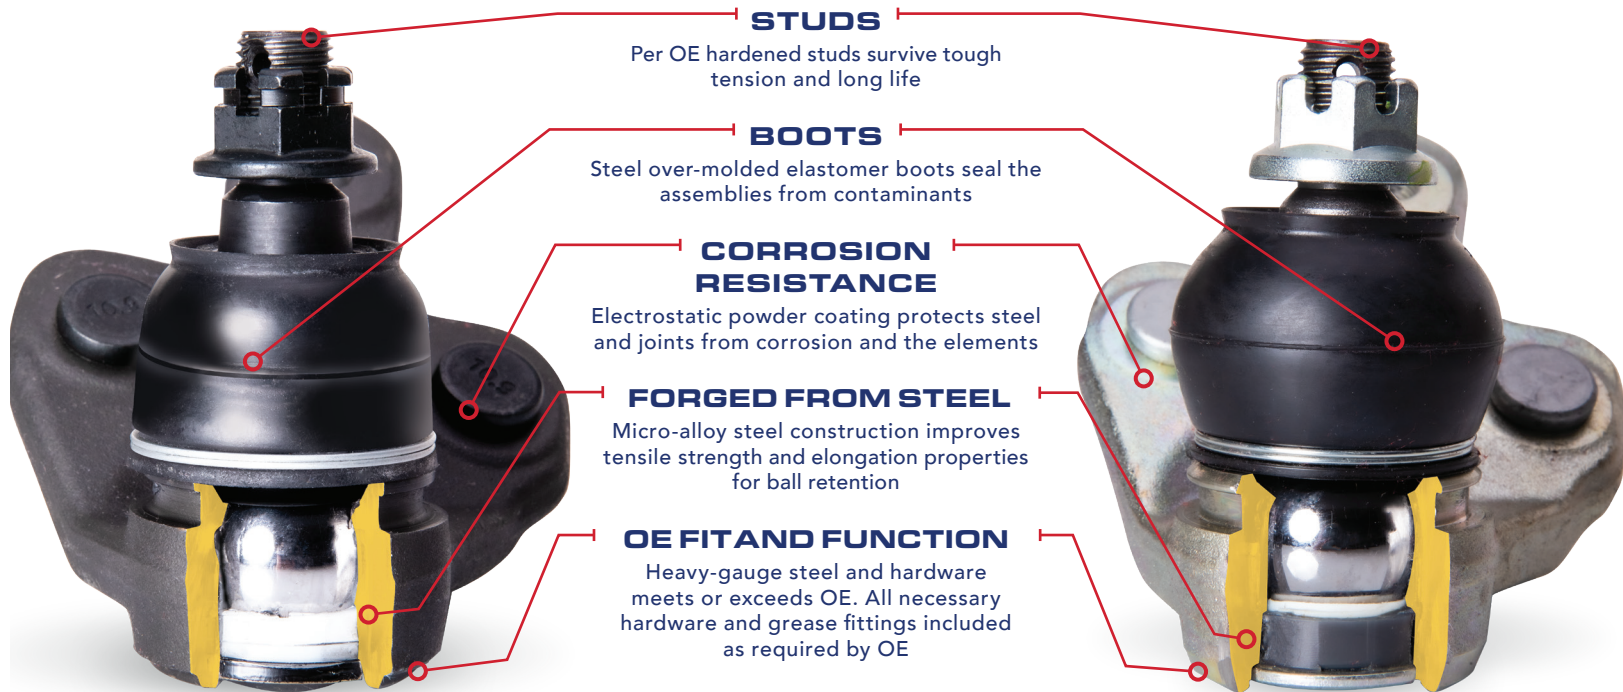

Electrostatic powder coating protects steel and joints from corrosion and the elements

FORGED FROM STEEL

Micro-alloy steel construction improves tensile strength and elongation properties for ball retention

OE FIT AND FUNCTION

Heavy-gauge steel and hardware meets or exceeds OE. All necessary hardware and grease fittings included as required by OE

Exclusively at

AutoZone®

BALL JOINTS • TIE ROD ENDS • SWAY BAR LINKS IDLER ARMS • CONTROL ARMS

INNOVATIVE DESIGN FOR VEHICLES IN DEMANDING CONDITIONS

Heavy-duty construction | Corrosion-resistant coatings | Premium synthetic grease
Easy installation designs with knurled housings | Premium castle nuts | Upgraded zerk fittings

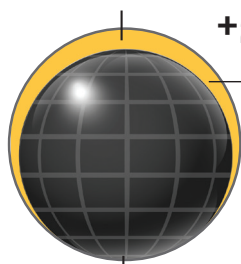

FOR TRUCKS AND FLEET

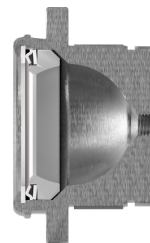

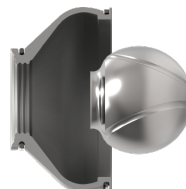

- HEAVY-GAUGE STEEL WITH RESILIENT COMPONENTS
- HARDWARE AND GREASE FITTINGS INCLUDED AS REQUIRED BY OE

Duralast
GOLD

+12% Larger Ball Diameter
+25% Flattened Surface Area

COMPETITOR

HARDENED STUDS

Induction hardening adds 50% more fatigue durability

LARGER BALL

More surface area helps better distribute the suspension load

INTEGRATED BEARING

Unique engineering helps eliminate failure point and holds larger ball

ZERK FITTING

Contains premium grease, serviceability to help extend life of ball joint

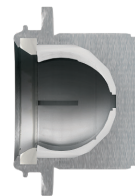

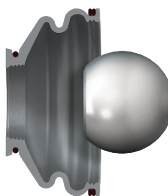

FOR SELECT PASSENGER VEHICLES

DELIVERS SMOOTH STEERING, SUPERIOR WEAR PERFORMANCE, AND INCREASED LONGEVITY
WITH LOW FRICTION TECHNOLOGY AND FULLY-SEALED BEARINGS

High resale passenger vehicles can include:

2012-2018 Toyota Camry • 2013-2019 Nissan/Datsun Altima • 2007-2017 Chevrolet Truck Traverse

SUPERIOR DURABILITY AND PERFORMANCE

PREMIUM HARDWARE AND COATINGS

Easier installation and durability

HIGHLY POLISHED BALL STUD AND MULTILAYER BOOTS

Reduces wear from friction and prevents external contamination

PREMIUM LOW FRICTION BEARINGS

Premium polymer surface for superior wear performance
